

Dear guest,

In light of the health emergency due to Coronavirus (COVID-19), the company Adriatic Tourist srl developed a protocol containing prevention and protection measures to safeguard employees, business partners along with all customers and visitors. A plan has been prepared to control and the adequately train staff in charge of supervising compliance with the rules inside the campsite.

To proactively combat the spreading of the virus even more effectively, we hope that all regulations and directions are respected by each individual, inviting the latter to please communicate these information to all the members of their crew.

Please remember that the following measures should be taken to prevent COVID-19:

- wash your hands frequently;
- cover your mouth and nose when coughing and sneezing;
- use disposable paper tissues and discard them immediately once used;
- pay particular attention to surface hygiene;
- maintain the social distance of at least 1 meter, avoiding gatherings.
- use a masks in public places indoors or when it is not possible to keep maintain the social distance of one meter outdoors.

The members of the same crew can interact with each other without having to respect a minimum distance and without wearing protective devices. Access to the toilet must always happen respecting the measures of personal distancing. The premises and surfaces are cleaned and sanitized according to current legislation.

Leisure and entertainment activities can be suspended or reorganized into small groups according to current legislation. Access to the swimming pool is allowed with a limited number of accesses.

All around the campsite you will be able to see information boards displaying all regulations and actions required when using the various services. These are also constantly updated on the following webpage:

<https://www.bellamare.it/en/vacanza-sicura/>

In case of a guest having a fever and symptoms of respiratory infection (dry cough, fever, sore throat, breathing difficulties) must promptly notify the management that will then inform the competent health authority.

In order to minimize the risk of contagion, while waiting for the arrival of the sanitary, you will have to wear a mask, reduce to minimum contact with other people, remain isolated in your room or other environment dedicated, wash your hands thoroughly, dispose of potentially infected materials in a waterproof bag.
